GRADUATION RATE:

0% of students attending this program graduated during the last two calendar years for which data is available.

940 CMR 31.03 defines graduation rate as the number of students who received certificates, diplomas, or degrees in the program during the latest two calendar years, divided by the number of students who enrolled in the program during the latest two calendar years. This required definition may result in a graduation rate greater than 100% when the number of students who enrolled in the program during the time period is lower than the number of students receiving certificates, diplomas, or degrees during the time period because the required definition does not consider the total enrollment of the program over the time period. Similarly, the required definition may result in other disproportionately high graduation rates in the event that the number of students who enroll during the time period is less than the total number of students in the program who are eligible to receive certificates, diplomas, or degrees during the time period because the required definition does not consider the total enrollment of the program over the time period. Alternatively, the required definition may result in disproportionately low graduation rates in the event that the number of students who enroll during the time period exceeds the total number of students in the program who are eligible to receive certificates, diplomas, or degrees during the time period because the required definition does not consider the total enrollment of the program over the time period. A Graduation Rate of "N/A" indicates
