

Dear CDS Students and Alumni,

Thank you for your interest in our 2024 College of Doctoral Studies Alumni Mentor Program.

The College of Doctoral Studies Alumni Mentor Program is designed to connect current doctoral students with college alumni. Students may have questions and concerns as they progress through their doctoral program, and mentors draw upon their own experience to help provide additional support and help their mentees work toward educational and career goals. It will also create opportunities for our doctoral students to enhance their leadership skills and prepare them to become the next generation of leaders in their organizations and communities.

Use the following link to review specific information about our program and roles and responsibilities.
